

Dear Practice Member,

Thank you for choosing Windmill Family Wellness Center.

We appreciate your trust and confidence in us. Our **Goal** is "To help you to raise your QUALITY OF LIFE"! and our **Mission** is "To Improve the World Through Chiropractic by Raising the Quality of Health and Life, One Family at a Time!"

We are very serious about your health and the health of your family. Having nerve interference greatly decreases your body's health potential and lowers your quality of life. We are asking you to be as dedicated as we are in allowing chiropractic to be a major part of your journey to optimum health.

We invite all of our practice members to attend a Monday evening "Orientation Workshop". We recommend that you bring your spouse or someone close to you. The purpose of this workshop is to share with you how to find your health, and how to keep it once you have found it. We will explain how your body heals and share with you the knowledge that will allow you to get the most from your chiropractic care. For each guest you bring to this workshop, you will receive a gift certificate good for the use towards the purchase of products from the office.

Our next Orientation is scheduled for _____ and will begin at 6:15pm. We encourage you to attend.

We are a non-par provider with all private and commercial insurance companies. We encourage you to contact your carrier to familiarize yourself with your allowed coverage and reimbursement as outlined by your plan. To help, we have summarized the necessary questions for you to pose to your insurance company when calling about your coverage. Once you have had your questions answered by your insurance company, please provide us with your member information and let us copy your card, so we can submit your claims. We do not accept payment/reimbursement from insurance companies; your plan should reimburse you directly.

God has blessed us with Chiropractic and the Upper Cervical Technique. It is our privilege to share this with you. Please relax and enjoy as you learn how chiropractic can change your life.

With my heartfelt thanks and God's blessings upon you,

Tom Gargiula, D.C. (Dr. G) – Director of Windmill Family Wellness Center
